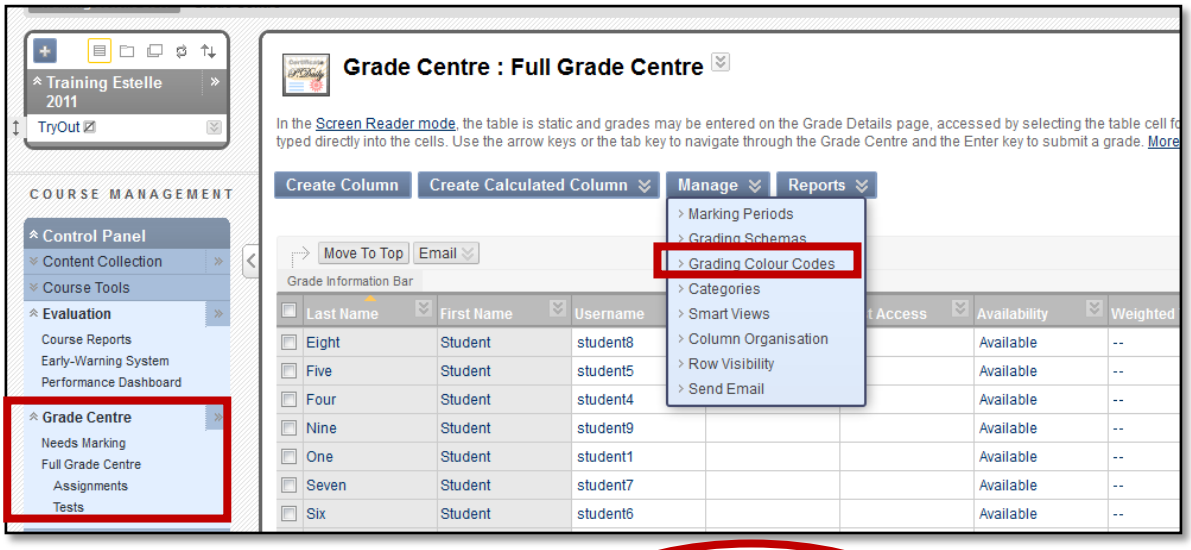
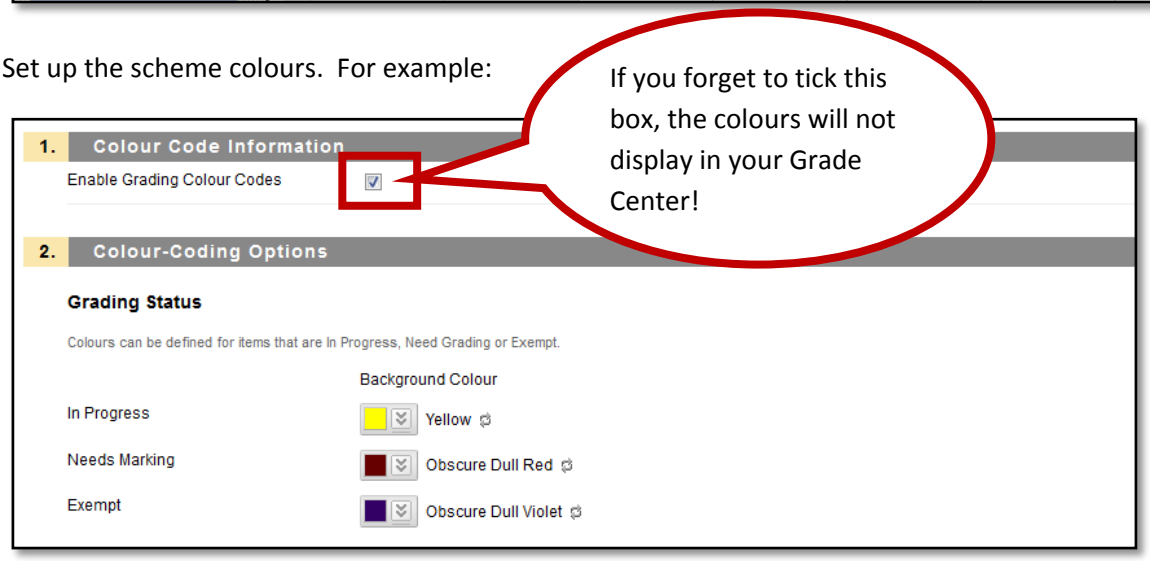
How does the colour coding work in the Grade Center?

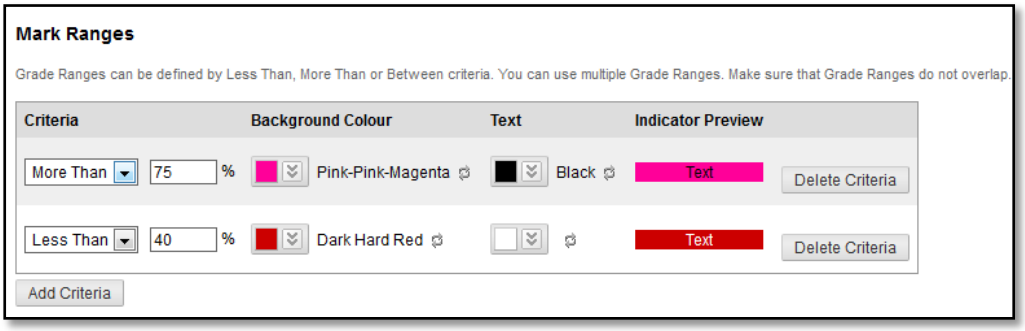
You can colour code the student's performance based on their marks within the Grade Center:

- From the Control Panel, click on **Grade Center**
- Click on **Manage**
- Click on **Grading Colour Codes**



Set up the scheme colours. For example:

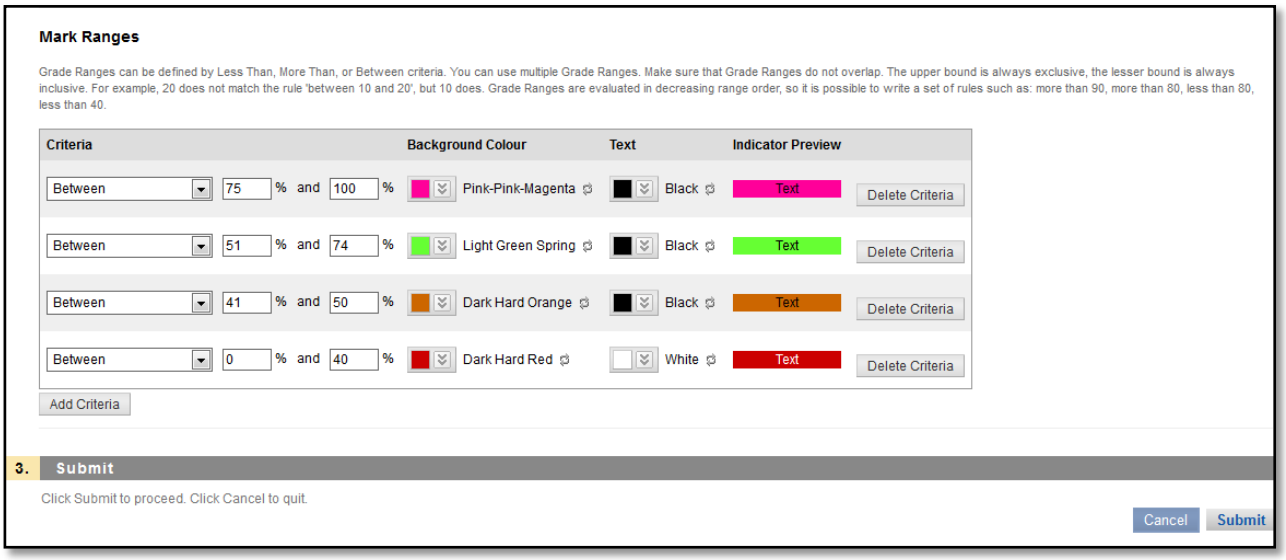


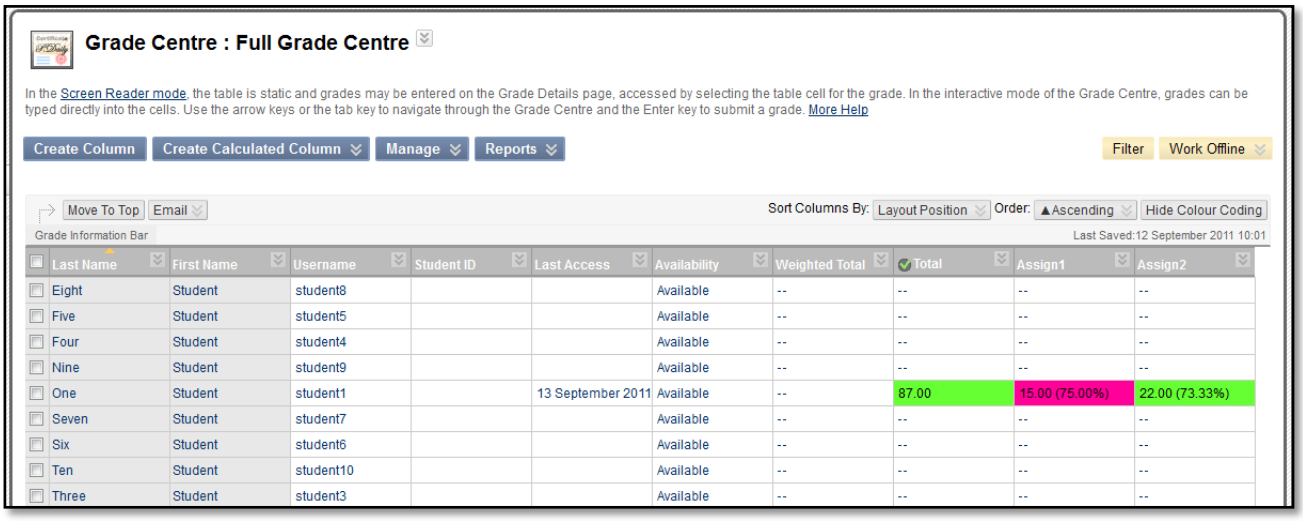


For the mark ranges, you can use three options:

- Less than
- More than
- Between.

This is an example of the Between option.



Remember to **Submit** ☺


The Grade Center should then display the colours where applicable.
