

How does the colour coding work in the Grade Center?

You can colour code the student's performance based on their marks within the Grade Center:

- From the Control Panel, click on **Grade Center**
- Click on **Manage**
- Click on **Grading Colour Codes**

The screenshot shows the 'Grade Centre : Full Grade Centre' interface. On the left, the 'Grade Centre' option is highlighted in the 'EVALUATION' menu. The 'Manage' dropdown menu is open, and 'Grading Colour Codes' is highlighted. Below the menu is a table of student grades.

Last Name	First Name	Username	Access	Availability	Weighted
Eight	Student	student8		Available	--
Five	Student	student5		Available	--
Four	Student	student4		Available	--
Nine	Student	student9		Available	--
One	Student	student1		Available	--
Seven	Student	student7		Available	--
Six	Student	student6		Available	--

Set up the scheme colours. For example:

The screenshot shows the 'Colour Code Information' settings page. The 'Enable Grading Colour Codes' checkbox is checked and highlighted with a red box. A callout bubble points to this checkbox with the text: 'If you forget to tick this box, the colours will not display in your Grade Center!'.

2. Colour-Coding Options

Grading Status

Colours can be defined for items that are In Progress, Need Grading or Exempt.

Background Colour

In Progress: Yellow

Needs Marking: Obscure Dull Red

Exempt: Obscure Dull Violet

Mark Ranges

Grade Ranges can be defined by Less Than, More Than or Between criteria. You can use multiple Grade Ranges. Make sure that Grade Ranges do not overlap.

Criteria	Background Colour	Text	Indicator Preview
More Than 75 %	Pink-Pink-Magenta	Black	Text
Less Than 40 %	Dark Hard Red		Text

Add Criteria

For the mark ranges, you can use three options:

- Less than
- More than
- Between.

This is an example of the Between option.

Mark Ranges

Grade Ranges can be defined by Less Than, More Than, or Between criteria. You can use multiple Grade Ranges. Make sure that Grade Ranges do not overlap. The upper bound is always exclusive, the lesser bound is always inclusive. For example, 20 does not match the rule 'between 10 and 20', but 10 does. Grade Ranges are evaluated in decreasing range order, so it is possible to write a set of rules such as: more than 90, more than 80, less than 80, less than 40.

Criteria	Background Colour	Text	Indicator Preview
Between 75 % and 100 %	Pink-Pink-Magenta	Black	Text
Between 51 % and 74 %	Light Green Spring	Black	Text
Between 41 % and 50 %	Dark Hard Orange	Black	Text
Between 0 % and 40 %	Dark Hard Red	White	Text

Add Criteria

3. Submit

Click Submit to proceed. Click Cancel to quit.

Cancel Submit

Remember to **Submit** 😊

The Grade Center should then display the colours where applicable.

Grade Centre : Full Grade Centre

In the [Screen Reader mode](#), the table is static and grades may be entered on the Grade Details page, accessed by selecting the table cell for the grade. In the interactive mode of the Grade Centre, grades can be typed directly into the cells. Use the arrow keys or the tab key to navigate through the Grade Centre and the Enter key to submit a grade.
