

Add questions to a Test

Explain how it works

The new setting allows instructor to add new questions exactly where they want them on the test canvas page. A new question can be created by clicking on the  sign above or below the question. All the 17 question types can be created from this page.

The screenshot shows the clickUP interface for a test canvas. At the top, there is a navigation bar with the University of Pretoria logo and links for 'ClickUP Home', 'Help Desk', 'Organisations', and 'System Admin'. The main content area displays a list of questions. The first question is 'I don't know'. Below it, there is a question titled '8. Essay: Anything else: Please list anything else that you wo...' with a plus sign icon and an 'ADD QUESTION' button highlighted by a red box and a red arrow. The question text is 'Please list anything else that you would like to test that has not been mentioned above.' Below this are two more essay questions, '9. Essay: Concerns: What other concerns you have wrt the ...' and '10. Essay: Looking forward to ...: Being part of this testing project te...', each with a plus sign icon and an 'Add Question' button. The final question is '11. Multiple Answer: I would like to test the following to...' with a plus sign icon and an 'Add Question' button. The question text is 'I would like to test the following tools (you may select more than one):' and the answer is 'Adaptive Release' with a checkmark icon. At the bottom, there is an 'Add Test Student' button.
